

Global Chinese Workshop on Boundary Element and Meshless Methods

August 5-8, 2003, Qinhuangdao, Hebei, China

Second Announcement

The workshop will be held in conjunction with the 7th National Conference on Boundary Element Methods in Engineering. The Proceedings of the 7th National Conference will be published as a Supplementary Issue of the Journal of Yanshan University in Chinese before the conference, and the papers presented in English at the workshop will be published at the Journal “Tsinghua Science and Technology” (EI cited, an English Journal of Tsinghua University, Beijing) in next year. The papers on all fields related to boundary element method and meshless method or mesh free method are welcome.

Deadlines

May 10 th	submission of the full paper in MS Word format (send to Yao Zhenhan)
June 1 st	final acceptance

International Scientific Committee of the Global Chinese Workshop

Yao Zhenhan	Tsinghua University, Beijing, China (Chairman)
Cen Zhangzhi	Tsinghua University, Beijing, China
Chen Ching-Shyan	University of Nevada, Las Vegas, USA
Chen Jeng-Tzong	National Ocean University, Taiwan, China
Chen Wen	Simula Research Laboratory, Norway
Cheng, Alexander H.-D.	University of Mississippi, USA
Liu Gui Rong	National University of Singapore, Singapore
Liu Yijun	University of Cincinnati, USA
Qin Qinghua	University of Sydney, Australia
Shen Guangxian	Yanshan University, Hebei, China
Zhang Chuanzeng	University of Applied Sciences Aittau / Goerlitz, Germany
Zhang Xiong	Tsinghua University, Beijing, China
